International Bilingual Elementary School

Providing support
on the path towards
a happy and successful
future

WHAT MAKES OUR SCHOOL AN EXCELLENT PLACE FOR YOUR CHILD?

50 %

of study in English

2

teachers per class

24

students in each class

20

years of experience

Bilingual environment

An authentic bilingual environment to **naturally** develop both **Czech** and **English**.

Development and support

Two teachers use methodical, project-based learning to develop each child's potential.

Safety and respect

A healthy, safe and respecting environment with an **individual approach** to learning.

Competencies for the 21st century

Preparation for the digital world of the 21st century with an emphasis on **critical thinking and creativity**.

A MODERN SCHOOL FOR YOUR CHILD:

Bilingual education, a safe environment and preparation for the future

✦ The bilingual environment is a natural part of the school

Half of our subjects are taught in English by native speakers. Children gain language competencies from the lessons, but also by communicating with their peers and through natural, spontaneous activities.

✦ A safe environment for your child

We take the prevention of undesirable behaviour (bullying) and habits (unhealthy addictions) seriously. We also put great care into ensuring that the school's premises are safe, and we place an emphasis on creating psychological security.

✦ Development and support for every child

We know that each child is unique. With our personal approach, we support each student's talents and curiosity as well as their academic, emotional, social and physical growth.

✦ Preparation for life in the 21st century

We develop skills that are crucial for the modern world. We help students in acquiring digital literacy, critical thinking, creativity, cooperation and a responsible approach to society and the environment.

LEVEL 1 TOWARDS A FULFILLING AND SUCCESSFUL FUTURE

Grades 1 to 5

English

Safety

Development

Practical skills

- ✦ We introduce children to our safe and friendly learning environment.
- ✦ We begin with natural English use and bilingual learning.
- ✦ We create a stimulating environment and aid in developing talents.
- ✦ We help children acquire practical skills that they can apply later in life.

LEVEL 2 TOWARDS A FULFILLING AND SUCCESSFUL FUTURE

Grades 6 to 9

English

Study habits

Personal growth

Preparation for
secondary schools

- ✦ We continue with bilingual learning and second-language acquisition in a natural Czech-English environment.
- ✦ We focus on children's personal growth while applying an individual approach.
- ✦ Each child will be specifically prepared for our 4-year secondary schools and receive a point advantage during the entrance exams.

A WORD FROM FOSTRA'S HEADMASTER

Dear children and parents,

Welcome to the Fostra Elementary family. Our goal is to make everyone feel at home here – and for both children and teachers to attend our school with joy and enthusiasm. Parents can be completely confident in entrusting their children to us, because everyone here is given the space to discover and develop their talents – be it in languages, mathematics, art or sports. Children here also learn responsibility, cooperation and respect. We put a special emphasis on English, which our students use naturally and with ease. Fostra is a place where children can feel free and be themselves. We believe that every student has a great future ahead of them and that our school will help them find it. We'll be looking forward to the shared experiences that lie ahead.

PhDr. Jan Voda, Ph.D., MBA

**Headmaster of the bilingual
Fostra Elementary School**

**Recipient of the Principal
of the Year Award 2024**

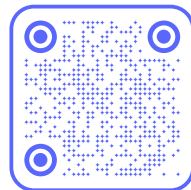

GET TO KNOW US IN PERSON

Submit an application and kick-start your child's fulfilling and successful future at Fostra Elementary.

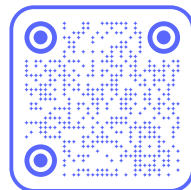

DEMOday

Want to try out our classes and make sure they're right for your child? If so, we recommend taking part in DEMOday – a 45 – 60min meeting for future students with interactive, group tasks that help us carry out diagnostics for your child's study requirements.

DOORS OPEN DAYS

Familiarize yourself with our school's premises and see how our classes are carried out. Have a look at the dates on our website at www.fostraelementary.cz or use the QR code.
